Transgressor I am The one Force of the future Control The new ways are stronger Obey (your) Weakness is (my) power Downfall

I'm the transgressor - Predecessor Overstepper - Strong aggressor Put your ways behind you They only have confined you They are the chains that bind you Needn't I remind you I am the tempter Extravagant my ways The worid is my Menagerie

Freedom the dream of The weak Knowledge the scheme of The meek Boundaries of this world Behind Apes walking upright Mankind

Transgressor born to lead I will satisfy your greed Soon you'll understand The power I command

Transgressor the one The process has begun Soon you'll understand The power I command

Reality is gone The new weys are strong (Transgress)
