

# I Thought About You

Mel Tillis

I thought about walkin' thought about talkin' thought about singin' singin' the blues  
Thought about tryin' once I even thought of dyin'  
But baby most of all I thought about you  
Thought of just bein' people I'm seein' thought about doin' the things they do  
Thought about livin' thought about forgivin' but baby most of all I thought about you

Thought of bein' born thought of bein' warm  
Bout all the things a man can go through  
Thought of winds a blowin' and rivers overflowin'  
But baby most of all I thought about you  
Thought of just bein'  
Most of all I thought about you
