

If I Could Only Start Over

Mel Tillis

Now if I could only start over and have a new life to begin
I wouldn't live like a rover and drift like a leaf in the wind
Cause I'm dreaming tonight of old sweethearts and believe me I'
ve had quite a few
But I never dreamed of old sweethearts the way that I dream abo
ut you

Yes I let you slip through my fingers while foolishly searching
around
But if I could only start over I know you could settle me down
Cause I'm dreaming tonight,
But I never dreamed of old sweethearts the way that I dream abo
ut you
