

## If I Could Only Start Over

Mel Tillis

Now if I could only start over and have a new life to begin  
I wouldn't live like a rover and drift like a leaf in the wind  
Cause I'm dreaming tonight of old sweethearts and believe me I'  
ve had quite a few  
But I never dreamed of old sweethearts the way that I dream abo  
ut you

Yes I let you slip through my fingers while foolishly searching  
around  
But if I could only start over I know you could settle me down  
Cause I'm dreaming tonight,  
But I never dreamed of old sweethearts the way that I dream abo  
ut you
