

## Stand Beside Me Behind Me

Mel Tillis

Stand beside me behind me so loneliness can't find me  
I need your love to make it from now on  
Stand before me and with me so sorrow's hand can't touch me  
Without your love I know I won't last long  
I'm reaching out my soul to you my heart my hand my all for you  
My only prayer is just that you will always reach for me  
Stand beside me behind me so loneliness can't find me  
Without your love I know I won't last long  
I'm reaching out my soul to you...
