I've been a saint I've been a sinner I've been a loser I've been a winner

You name it and I claim it that's me

I've been up I've been down I've been stranded many of town Oh you name it honey I'm gonna claim it that's me

Now if there's a situation I ain't been in I wish you tell me w here I failed

I've been everywhere and I've done everything includin' keepin' to a bar or a jail

I've had friends I've had most a little happiness and a whole l otta woes

Oh you name it and I'm gonna claim it that's me Now if there's a situation...

Oh yeah now you name it and I'm gonna claim but that's me yeah
