

Don't Let Me Go

Melanie C

There's times when fake goodbyes made you cry
But this time you don't
And I was only joking I was broken when you told me to go
Don't make up the wrong mind
Don't forget the good times
Let me stay a little longer cause if I'm gone-
I can't make it right
In just one night we could go back in time maybe
Go back and find where we both went wrong
It won't take long I know
Don't let me go
Oh don't let me go
I'm not giving up I'm still in love, is all I need you to say
And I don't need an answer just a chance to
Make the pain go away
So don't make up the wrong mind
Don't forget the good times
Let me stay a little longer cause if I'm gone-
I can't make it right...
I beg you to find what it takes to forgive me of
All my mistakes
Cause if I walk out of your life
There'll be no way back this time
Don't let me go
Don't make up the wrong mind
Don't forget the good times
Stay a little longer cause if I'm gone-
I can't make it right
In just one night we could go back in time maybe
Go back and find where we both went wrong
It won't take long I know
Don't let me go
Oh don't let me go.
