Enemy

Melanie C

Caught in the chaos of lie
Didn't know my own mind. Did you?
Did you feel me drifting away? If you did, you didn't say. Did you?
Locked in a world of your own. Beyond my control, somehow.
Couldn't hear what I'm trying to say. You wouldn't listen anyway. Not now.

We never really took the time
Only wanna make it right
I wish I didn't but I
I miss you

If the lines are drawn and the flags unfold,
would you fight for me or would you be my enemy?
When the conflict calls in this tug of war,
would you be my strength or would you be my enemy?
If I lose my way on this battle ground,
will you reach for me or would you be my enemy?
If the lines are drawn and the flags unfold,
would you fight for me or would you be my enemy?

I can't breath without you by my side
I believed everything we did was right
I can't hear "this is just another fight"
Another fight

We never really took the time
Only wanna make it right
I wish I didn't but I
I miss you

Everything I wanted to be
Got buried in the history
Like you

If the lines are drawn and the flags unfold,
would you fight for me or would you be my enemy?
When the conflict calls in this tug of war,
would you be my strength or would you be my enemy?

If the skies run deep, while I'm gaining ground
and its give to me there's strength I found, would you stand with me or woul
d you be my enemy?
If the skies run deep, while I'm gaining ground
and its give to me there's strength I found, would stand with me or would yo
u be my enemy?

I can't breath without you by my side
I believed everything we did was right
I can't hear "this is just another fight"
Another fight

I only wanna make it right
Only wanna make it right
Only wanna make it right
With you.
