These thoughts can be evil and they often deceive. Gotta believe that I can overcome.

My fears are the worst and they always return.

I never learn. Feel like I don't belong.

Lost in the wreckage of a million bad dreams. Hard to function, I just need some routine. God, it's obscene. When did they stop the fun?

I knew that something must be done. To save the person I'd become. That's why I had to run away.

Feel the sun. Waves crash like my emotion. Life has begun, now I will be safe from the storm. I found the one. This angel's my salvation. I'm feeling strong. You will be there if I fall.

Guilt is no use it will tarnish your soul.

Just let it go. The battle will soon be won.

Cold in the shadow of who I should be. There's a fire burning deep inside me. Helping me see, only I hold the key.

And now I stand here unafraid. Proud of everything I've made. That's why I had to run away.

Feel the sun. Waves crash like my emotion. Life has begun, now I will be safe from the storm. I found the one. This angel's my salvation. I'm feeling strong. You will be there if I fall.

There's so much energy. At last I can be free. I am the person I was looking for.

Feel the sun. Waves crash like my emotion.
Life has begun, now I will be safe from the storm.
I found the one. This angel's my salvation.
I'm feeling strong. I'll never fall.
You are there when I call.
