

## Here It Comes Again

Melanie C

Hey, don't you worry, everything's alright you know  
We're gonna be just fine  
If the rain crashes down over you  
I will love you dry

There is nobody in this world could ever take me away from you  
I am always by your side  
If you need someone to guide you dear, I'd like to try

Don't give up something you've never had before (Never could but we would to  
gether)  
I promise you this, you're the one I adore

Here it comes again  
Filling my soul, never want to let go  
Here it comes again  
Be at one with your love as below so above  
Here it comes again

My love is flowing freer than a waterfall  
Beyond the edge of time  
Surrender to the emotion now we can fly  
We can fly

And you know there's a reason  
That we are who we are (Who we are)  
I can not resist, you're the one I adore

Here it comes again  
Filling my soul, never want to let go  
Here it comes again  
Be at one with your love as below so above  
Here it comes again

Just like there's always gonna be  
A place for you and me, a ship that we can sail on  
Just like if one and one were three  
And everything was free at the end of some rainbow  
Just like a needle and a gun  
A circle in a sun and a knock upon a hidden door  
It is you I adore

Here it comes again  
Filling my soul, never want to let go  
Here it comes again  
Be at one with your love as below so above  
Here it comes again  
Filling my soul, never want to let go  
Here it comes again  
Be at one with your love as below so above
