

# Lose Myself in You

Melanie C

So many times  
I can hear you by my side  
But you seem so far away  
In my mind  
In my heart  
If I could only find the words to say  
Little voices  
Whispering choices  
Telling me where I went wrong

I can see easily  
Come on baby, come on, come on

Find a better way  
To communicate  
Stay a little while  
Stop and listen to me  
Anything you want  
I will do for you  
Words are meaningless  
When I lose myself in you

(When I lose myself)  
When I lose myself in you  
(When I lose myself)  
When I lose myself in you

I'd rather leave  
The past behind  
Don't wanna talk about it no more  
Put it down  
To history  
What we did, we said before  
When I gaze  
Into your eyes  
Will I see my future there

Shining bright, harbor light  
Come on baby, I'll take you there

Find a better way  
To communicate  
Stay a little while  
Stop and listen to me  
Anything you want  
I will do for you  
Words are meaningless  
When I lose myself in you

(When I lose myself)  
When I lose myself in you  
(When I lose myself)  
When I lose myself in you  
When I lose myself in you

Ba-da-da-da  
Ba-da-da-da

Ba-da-da-da  
Ba-da-da-da  
Ba-da-da-da  
Ba-da-da-da  
Ba-da-da-da  
Ba-da-da-da

Find a better way  
To communicate  
Stay a little while  
Stop and listen to me  
Anything you want  
I will do for you  
Words are meaningless  
When I lose myself in you

Find a better way  
To communicate  
Stay a little while  
Stop and listen to me  
Anything you want  
I will do for you  
Words are meaningless  
When I lose myself in you
