

# Rock Me

Melanie C

Rock me baby (Rock me baby, rock me baby)

[Chorus]

Rock me baby,  
Rock me better into the beat,  
You make me wanna throw my hands in the air, air, air  
Rock me baby,  
Rock me, take me over come on let's go  
Everybody throw your hands in the air, air, air

[Verse 1]

Waiting, for you  
Will you do, what I want you to?  
Beautiful, fever,  
Taking me, deeper

I lose myself, in myself,  
I'll meet you there, in another world  
Hear the crowd, feel the drums  
Here we go! Come on! Come on!

[Chorus]

Rock me baby,  
Rock me better into the beat,  
You make me wanna throw my hands in the air, air, air  
Rock me baby,  
Rock me, take me over come on let's go  
Everybody throw your hands in the air air air

Stronger, deeper, music, set me free  
Beating, faster, music, remedy

[Verse 2]

Snapshots, speed of sound  
In my head, spinning round  
Levitate, off the ground  
Getting up, getting down,  
Let me see you jump now!

[Chorus]

Rock me baby,  
Rock me better into the beat,  
You make me wanna throw my hands in the air, air, air  
Rock me baby,  
Rock me, take me over come on let's go  
Everybody throw your hands in the air air air

Stronger, deeper, music, set me free  
Beating, faster, music, remedy
