

# Room for Love

Melanie C

Stumbling down the same old street  
That used to be paved with gold  
Nothing I see is impressing me  
Maybe I'm getting old

I never knew  
Heading around the corner  
Was a promise of another road  
Cause just when you think it's over  
You burst open  
I'm moving on

Something it's telling me now I got room for love  
Somebody said "gotta make room for love"  
Holding up a sign "no room for love"  
You've got enough, make room for love

(Something it's telling me now I got room for love)  
(Somebody said, gotta make room for love)  
Make room for love  
Holding up a sign "no room for love"  
You've got enough  
Make room for love

Caught up unveiled emotion  
But nothing is set in stone  
Questioning your devotion  
Gave me the courage to just let go

I made the move, yeh  
Cause waiting around that corner  
Was everything I dream coming true  
Just when you think it's over  
You bust wide open  
I'll take it all

Something it's telling me now I got room for love  
Somebody said "gotta make room for love"  
Holding up a sign "no room for love"  
You've got enough, make room for love  
(Something it's telling me now I got room for love)  
(Somebody said, gotta make room for love)  
Make room for love  
Holding up a sign "no room for love"  
You've got enough  
Make room for love

Let it fill you up  
Open up your heart  
And leave you breathless  
Make room for love  
Let it take you high  
You deserve it

Let it fill you up  
Open up your heart  
It will leave you breathless

Make room for love  
Let it take you high  
You deserve it

There's something that's telling me now I got room for love  
Somebody said "I gotta make room for love"  
I'm holding up a sign for love  
You've got enough  
Make room for love

Let it fill you up  
Open up your heart  
And leave you breathless (Oh oh)  
Make room for love  
Let it take you high  
You deserve it (Make room for love)

Let it fill you up  
Holding up a sign "no room for love"  
You've got enough, make room for love
