Stupid Game

I'm not gonna live a lie Just for your entertainment You started this stupid game But all the rules have changed again

If I were a stranger Would I be safer Who do you want me to be, to love, to hurt, to trust?

I'm not gonna fall apart to get your attention I know what I want but it's not an addiction Wo-o-o-oah I've only got the truth Wo-o-o-oah is that enough for you

I see through your empty affection I know who I am, I can face my reflection Wo-o-o-oah I've only got the truth Wo-o-o-oah Wo-o-o-oah

Under the microscope See all the imperfections You wanna be so close To all the dirt and grime but why?

If I were a danger Would that amaze ya Is that who you want me to be, to love, to hurt, to trust?

I'm not gonna fall apart to get your attention I know what I want but it's not an addiction Wo-o-o-oah I've only got the truth Wo-o-o-oah is that enough for you

I see through your empty affection I know who I am, I can face my reflection Wo-o-o-oah I've only got the truth Wo-o-o-oah Wo-o-o-oah

Wo-o-oah Wo-o-oah

You started this stupid game Maybe I'll take some blame But I can't take it aaaaall

I'm not gonna fall apart to get your attention I know what I want, know what I want Wo-o-o-oah I've only got the truth Wo-o-o-oah is that enough for you
