

## 6 AM

Melanie Fiona

Ohh. Hey!  
Girl why you mad? (why you mad)  
I know exactly what time it is.  
You aint gotta tell me. (you aint gotta tell me)  
So what's up with the yelling (what's up with the yelling)  
Shorty I was up in the club really turned up  
Chillin just mindin my biz  
I wasn't doing nothing wrong.  
Girl you knew that I was coming home

I'm just sayin  
It feels like forever you been gone.  
Where did you go (where did you go)  
And how do I know  
It aint a lie ( aint a lie)  
Cause it seems like it never takes this long for you to come back  
Boy tell me where your phone is you a grown man  
It's 6 in the morning  
Conversation got boring and I been waiting up for him  
It's 6 in the morning  
Why did my lover not answer

I was somewhere with a dancer

It's 6 in the morning  
Oochy wally wally  
You been at a party gettin all kinds of naughty  
It's 6 in the morning

To many lies not enough time  
4 and 5  
It's 6 am (am)

It's way to early (to early)  
Calm down down  
You aint gotta jump in my face  
I'm bout to go to sleep  
Holla at me round 3  
Girl girl I been drinkin  
And I can't even make up a lie right now  
With you in my ear  
Shawty I was just playing I'm listening  
What are you saying

Boy who the hell you think your really talking to  
If only you knew (if only you knew)  
What I had planned for you  
You would of been here  
Coulda had my loving instead you out there clubbing  
That aint cool  
And you aint even pick up the phone I'm tired of you being all alone

It's 6 in the morning  
Conversation got boring and I been waiting up for him  
It's 6 in the morning  
Why did my lover not answer

It's 6 in the morning
