

# Can't Do This No More

Melanie Fiona

I've been working on a recipe  
To mix my mind, body soul with your chemistry  
I think of us, think of us, like an old school melody  
'Cause the rhythm that you're giving feels good to me

So why in the name of love would I feel this so much?  
If I can only look but can't touch.  
So I just can't do this no more  
What am I supposed to do?  
Sit around in love with you  
'Cause I hate to lose  
And I just can't do this no more

You belong to another  
Wonder if she knows about you undercover  
This thing between us is like no other  
And if we could you'd be the lightening to my thunder

So why in the name of love would I feel this so much?  
If I can only look but can't touch.  
So I just can't do this no more  
What am I supposed to do?  
Sit around in love with you  
'Cause I hate to lose  
And I just can't do this no more

I just can't do this no more  
When I want you so much more  
I just can't do this no more (2x)

I Just can't do this no more  
If I can only look but can't touch.  
So I just can't do this no more

What am I supposed to do?  
Sit around in love with you  
'Cause I hate to lose  
And I just can't do this no more
