

# I Been That Girl

Melanie Fiona

Heard about the  
Tires on his brand new car  
I knew that he'd drive  
You crazy  
Guess the only option  
To fall when you get  
Pushed too far  
You'll think about that  
Next time  
Maybe  
Oh, when he's calling  
Your name out  
When he needs you back  
In his life  
Cause he's got some secrets  
And all of them came out  
When it's all in your name  
But you can't make the payment  
He needs you to stay  
But you wanna go  
I know

I know cause  
I've been that girl  
I've been that  
I've been that  
I've been that girl  
I've been that  
I've been that  
I've been that girl  
I've been that  
I've been that  
I've been that girl  
Whoa hoo oh

But never again  
Never again  
Never again  
Never again  
Never again  
Never again  
No, never again

Heard you got into it  
With his ex Sunday night  
Who really fights on a Sunday?  
Must be sick  
Of tellin' your friends  
That life's alright  
You'll wanna change  
That shit one day  
Oh  
When you been in the kitchen  
And you fix him a dinner  
You wanna go talk to him

But he doesn't listen  
When he's played  
Enough games  
And you played your position  
He'll tell you to stay  
But you'll wanna go  
I know
