

# I Apologize

Melanie Thornton

Chorus

I apologize  
For being faithless  
I apologize  
We all have joy and pain  
I apologize  
For life is not easy  
We're only human

Verse 1

I try to live my life  
Being patient  
I try to do it right  
Sometimes I don't succeed  
There's a guiding light  
To give me direction  
When I'm standing in the dark

Do we have to fight  
Each other  
Can't we see the needs  
Are we too blind to see  
Listen with our hearts  
Is what we need now  
I'll be the first to say

Chorus

Verse 2

Saying that we care  
Is easy  
But if we're never there  
It's like a broken vow  
Open up your heart  
Remember in life we reap what we sow

Hiding from myself  
Won't protect me  
It's me nobody else  
Who ends up as a fool  
No more holding back  
What I give  
I'll give it straight from my heart

Chorus

Bridge

We've gotta make a change  
Look into the mirror  
We can turn around  
Life isn't a one way street  
Listen to your heart  
If you're lost and lonely  
It will show you love

Chorus
