

# I Wish It Was Love

Melanie Thornton

Chorus

I wish it was love  
I wish it was freedom  
Many times I thought that it was meant to be  
I gotta feel love  
I gotta feel a reason  
To wash away the fear

Verse 1

No more games to play  
No more words to say  
I'm sorry, there is nothing more to say  
For my heart to heal  
This is how I feel  
So sorry, there is nothing more to say

Bridge

I see it now like the rain is falling  
Falling from the clouds that hide the sun  
It's over now, a new day is dawning  
It's time we go our own way

Chorus

Verse 2

No more hearts to break  
Promises to make  
Me sorry, I've nothing more to give  
Now the time is here  
And I have no fear  
I'm not sorry - for all I can forgive
