

# All The Way Home

Melissa Etheridge

Oh Oh oh oh oh oh ohh oh oh oh oh oh ohh oh Oh Oh oh oh oh oh ohh  
These headlights these spotlights  
Shooting down the road  
What's shaking you're baking honey I'm coming home  
Don't start it that party, honey please wait for me  
I'm swerving taking these curves doing bout 70  
Honey please wait for me, sugar can you wait for me

I got lightening in my eyes and a fire down below  
And a shaking in my thighs that I can't control  
And if I push it any harder I'm gonna run right off the road  
Honey please take me all the way home

And then we'll sing  
Oh Oh oh oh oh oh ohh oh oh oh oh oh ohh oh Oh Oh oh oh oh oh ohh  
Take me all the way home

My pedal down to the metal can't afford to get tight  
I got the scuffs on get a little rough on  
Honey till it feel right  
I'm gonna take off honey take the brake off  
When I break down the door  
Your hips slide like a rip tide honey I'm a surfboard  
I said honey I'm a surfboard

I got lightening in my eyes and a fire down below  
And a shaking in my thighs that I can't control  
And if I push it any harder I'm gonna run right off the road  
Honey please take me all the way home

And then we'll sing  
Oh Oh oh oh oh oh ohh oh oh oh oh oh ohh oh Oh Oh oh oh oh oh ohh  
Take me all the way home  
Oh Oh oh oh oh oh ohh oh oh oh oh oh ohh oh Oh Oh oh oh oh oh ohh  
Take me all the way home yeah  
C'mon c'mon c'mon c'mon c'mon c'mon c'mon c'mon  
1 2 3 4

Lightening in my eyes and a fire down below  
So honey please  
Take me, take me all the way home  
Honey take it home now  
Oh Oh oh oh oh oh ohh oh oh oh oh ohh oh Oh Oh oh oh oh oh ohh  
Take me all the way home  
Oh Oh oh oh oh oh ohh oh oh oh oh oh  
Take me all the way home  
Well take it home now that's right  
Oh Oh oh oh oh oh ohh oh oh oh oh ohh oh
