

All the Way to Heaven

Melissa Etheridge

I want to find me a car
With only one headlight
A straight six Ford
On a good luck night
I want to roll down the windows
And teach you to fly
I want to give you a thrill
The kind you can't buy

I want to lose all your demons and go
I want to tear off your chains 'cause I know

All the way to heaven is heaven
Caught between the spirit and the dust
All the way to heaven is heaven
Deep inside of us

I want to find me a bar
With a blue light on
Dollar shot specials
A bartender named Dawn
Painting the town
Selling the farm
You can pierce your nose
And I'll tattoo my arm

I want to lose all your demons and go
I want to tear off your chains 'cause I know

All the way to heaven is heaven
Caught between the spirit and the dust
All the way to heaven is heaven
Deep inside of us

I want to find me a carnival
Outside of town
A tilt-a-whirl set up
With a merry-go-round
Cotton candy fingers
And a snow cone mouth
I want to roll you in sawdust
Till they run us both out
All the way to heaven
All the way
