

# Breakdown

Melissa Etheridge

How could I stay?  
How could I breathe?  
There had to be more for me  
Promises gone  
Plastic and stone  
I'm doin' fine all alone

So you're havin' a breakdown  
So you're losin' the fight  
So you're havin' a breakdown  
And I'm drivin' and cryin'  
Unraveled and flyin'  
I'm comin' to your breakdown tonight

I cannot run  
And I cannot hide  
It came with me locked inside  
The bough will break  
Cradle will fall  
It only takes one call

So you're havin' a breakdown  
So you're losin' the fight  
So you're havin' a breakdown  
And I'm drivin' and cryin'  
Unraveled and flyin'  
I'm comin' to your breakdown tonight  
Ooh aah  
Ohh huh huh

So you're havin' a breakdown  
So you're losin' the fight  
Oh, so you're havin' a breakdown  
And you need me tonight  
Ohh oh, I found my place in this downtown  
Salt air and yellow street lights  
Aah yes

So you're havin' a breakdown  
And I'm drivin' and cryin'  
Unraveled and flyin'  
I'm comin' to you're breakdown tonight

Hmm
