Breakdown

Melissa Etheridge

How could I stay? How could I breathe? There had to be more for me Promises gone Plastic and stone I'm doin' fine all alone

So you're havin' a breakdown So you're losin' the fight So you're havin' a breakdown And I'm drivin' and cryin' Unraveled and flyin' I'm comin' to your breakdown tonight

I cannot run And I cannot hide It came with me locked inside The bough will break Cradle will fall It only takes one call

So you're havin' a breakdown So you're losin' the fight So you're havin' a breakdown And I'm drivin' and cryin' Unraveled and flyin' I'm comin' to your breakdown tonight Oooh aah Ohh huh huh

So you're havin' a breakdown So you're losin' the fight Oh, so you're havin' a breakdown And you need me tonight Ohh oh, I found my place in this downtown Salt air and yellow street lights Aah yes

So you're havin' a breakdown And I'm drivin' and cryin' Unraveled and flyin' I'm comin' to you're breakdown tonight
