Tonight I feel so weak
 but all in love is fair
 I turn the other cheek
 And I feel the slap and the sting of the foul night air
 And I know you're only human
 And I haven't got talking room
 But tonight while I'm makinng excuses
 Some other woman is making love to you
 R: Somebody bring me some water

R: Somebody bring me some water
Can't you see I'm burning alive
Can't you see my baby's got another lover
I don't know how I'm gonna surive
Somebody bring me some water

Can't you see it's out of control
Baby's got my heart baby's got my mind
But tonight the sweet devil, sweet devil's got my soul

When will this aching pass when will the night be through I want to hear the breaking glass I only feel the steel of the red hot truth And I'd do anything to get it out of my mind I need some insanity that temporary kind tell me how will I ever be the same when I know that woman is wispering you name

R:
Oh, devil's got my soul

R:
