

# Fearless Love

Melissa Etheridge

When I woke up I was 17  
You kissed my lips in a bad bad dream  
Showed me things aren't what they appear to be  
Called me angel and set me free  
You gave me life in the cold cold dark  
But you ran away in the mornings spark  
Made me think that reality  
Is not where I want to be

I am what I am and  
I am what I am afraid of  
Oh what am I afraid of  
I need a fearless love  
Don't need to fear the end  
If you can't hold me now  
You will never hold me again  
I want to live my life  
Pursuing all my happiness  
I want a fearless love  
I won't settle for anything less

I've walked my path had worlds collide  
I lost my way and I fooled my pride  
This lover's ache wouldn't feel so strange  
If I could only change

But I am what I am and  
I am what I am afraid of  
So what am I afraid of  
I need a fearless love  
Don't need to fear the end  
If you can't hold me now  
You will never hold me again  
I want to live my life  
Pursuing all my happiness  
I want a fearless love  
I won't settle for anything less

Now I'm not here to lay the blame  
I understand when you hold a flame  
Heads will shake heads will turn  
And sometimes you just get burned
