

# I Can Wait

Melissa Etheridge

I know that you're trembling  
Despite your disguise  
Your world is on fire I can see it in your eyes  
Those spirits are hungry oh they feast on your fear  
They're howling and screaming I can feel them so near  
I will stay right here

I can wait, I won't change  
I won't fade from the dark and strange  
Feel the moon get to know the stars  
I know it's not easy honey

It can seem so hard when your demons have found you  
Oh they drag you through hell  
Don't pay your attention to the stories they tell  
Don't get me wrong now honey, I know it's severe  
Just give me a smile now baby let me whisper in your ear  
I will stay right here

I can wait, I won't change  
I won't fade from the dark and strange  
Feel the moon get to know the stars  
I know it's not easy honey

You will find what you are looking for  
And this work is never done  
There are no judgments only open doors  
The choice is yours  
You can't get it wrong, no.

I can wait oh yeah.  
I will stay right here

I can wait, I won't change  
I won't fade from the dark and strange  
Feel the moon get to know the stars  
I know it's not easy honey

Oh but I can wait, I can wait.  
I will stay right here.
