

# It's Christmas Time

Melissa Etheridge

What if we could create peace on Earth?  
I wonder what that would look like  
I wonder if heaven and nature would sing  
Hallelujah

What if we all stopped believing the line  
That happiness comes from a stork?  
What if we looked at the damage we've done  
And finally shouted no more?

Fa, la, la, la, la, it's Christmas time  
Fa, la, la, la, la, it's Christmas time

What if we did create peace on Earth?  
How would we feel 'bout ourselves?  
If we know we were perfect and good and enough  
For all we desire is well

What if we all started spreading the news  
There's nothing to fear anymore?  
We are connected, one family of light  
Hallelujah

Fa, la, la, la, la, it's Christmas time  
Fa, la, la, la, la, it's Christmas time, oh yeah

It's Christmas time

I think we can create peace on Earth  
I finally decide I might  
By healing our pain, intending our love  
In the world we create what we find  
What if we all took the time to be still?

Fa, la, la, la, la, it's Christmas time  
Fa, la, la, la, la, it's Christmas time  
Fa, la, la, la, la, it's Christmas time  
Fa, la, la, la, la, it's Christmas time

Fa, la, la, la, la, it's Christmas time  
Fa, la, la, la, la, it's Christmas time  
Fa, la, la, la, la, it's Christmas time  
Fa, la, la, la, la, it's Christmas time

Create peace on Earth  
Create peace on Earth  
Create peace on Earth  
Create peace on Earth

It's Christmas time  
It's Christmas time  
Fa, la, la, la, la
