

# My Lover

Melissa Etheridge

No one conceals me like  
No one reveals me like  
My lover  
No one can disconnect  
No one can resurrect  
Like my lover

My lover makes me weak  
Gives me breath to speak  
My lover takes me home  
Cools the rolling stone  
My lover's thorny kiss  
The reason to exist  
I wonder

No one can saturate  
No one manipulates  
Like my lover  
The sensuality  
It's immortality  
My lover

My lover needs to seize  
Bring me to my knees  
Reads me like a prayer  
Calls the spirit there  
Secretly inspires  
Strips me to desire  
I wonder

No one can visualize  
No one can make me rise  
Like my lover  
They dream of paradise  
They'll never ever pay the price  
My lover
