

# Blind Side

Melissa Ferrick

Empty heart  
Full of contradiction  
Empty arms  
Waiting for your direction  
But who am I to expect your surrender  
Who am I to think that I can make you fall in love with  
me

Patiently wondering if I'll ever find peace  
Work out my problems by playing  
Screamed out my throat  
And left my heart hanging

But the blind side of love  
Yeah it moved right in to you  
Blind side of fate  
Yeah it fell right on you  
But now I've felt me in you  
And I want you to  
Come on and blind side me

'Cause I love everything about you  
And I don't even know you  
So I hope everything I've made up about you is true  
'Cause your smile yeah it's stuck in my eyes  
And your mouth makes me forget what I'm saying  
And your lips make me wonder if your taken  
Tell me are you taken?

Blind side of love  
Yeah it moved right in to you  
Blind side of fate  
Yeah it fell right on you  
And now I've felt me in you  
And I want you to  
Come on baby  
Blind side me  
Yeah come on baby  
Blind side me

'Cause I'm not sure I've got it  
It being life and how to live it  
But I could try with you  
'Cause I seem to stutter  
When I lie to you

Blind side of love  
Yeah it moved right in to you  
Blind side of fate  
Yeah it fell right on ya  
And now I have felt me in you  
And I want you to  
Come on baby  
Blind side me  
Oh yeah come on baby  
Blind side me...yeah  
Blind side me
