

# Do It Over

Melissa Ferrick

Start over  
Cuz I don't understand  
And I am moving as fast as I can  
So, pull over  
And watch me walk the line  
Cuz I can't believe my eyes

Times up  
Yeah it's over  
Gotta get stand up and cross over  
Head up off my shoulders  
Now's my chance to do it over

So it's a change of hands  
And turn around and there I am  
Just waiting in the hall  
Ans watching my life fall

But time's up  
Yeah it's over  
Gotta stand up and cross over  
Head up off my shoulders  
Now's my chance to do it over

So when I don't know yeah  
Which way I am to go  
I stop to see  
You know, all I've done  
And all I want to be

So it's a sunrise  
The first that I have seen in years  
Is bleeding blur and bottled light (?)  
Fill my heart  
And force the tears

Cuz time's up  
Yeah it's over  
Gotta stand up and  
Cross over,  
Head up, off my shoulders  
Nows my chance, to  
Time's up  
Yeah it's over  
Gotta stand up  
And cross over  
Head up off my shoulders  
Now's my chance to do it over
