

# I Give Up

Melissa Ferrick

Okay I give up  
Let's just call it even  
Cause I can't keep waiting around for the perfect apology  
And I'm sure you've said you're sorry  
A thousand times  
But my anger makes me deaf  
Just ask my psychologists

So let's do this  
Let's get to know each other for real  
All my life I've been wishing on eyelashes  
For words to fit how I feel  
All my life in case you hadn't noticed  
I've been driving around  
Trying to find me a home

So don't give up on me now  
Just cause you think you've already lost  
I need your love now more than ever  
Yes it's selfish I know  
To want to make up  
But if we don't and you die  
I'll be left without feeling  
Any love for you

So tell me what thrills you  
What did you dream about last night  
Why did you marry her  
And in your heart did you always know we'd be all right  
Tell me have you ever lost faith  
And just wanted to end it all  
Or are you still mad at god for your whole life  
It's like the bottom of the ninth in the batter's box  
Showing up to watch your favorite band  
While the band was packing up

So don't give up on me now  
Just cause you think you've already lost  
I need you now more than ever  
Yes it's selfish I know to want to make up  
But if we don't and you die  
I'll be left here without feeling  
Any love for you  
If we don't and you die  
I'll be left here without feeling  
Any love for you  
If we don't and you die  
I'll be left here without feeling loved by you

Okay I give up  
Let's just call it even
