

Taken A Liking

Melissa Ferrick

My table is cracked
Yeah and wrinkles run deep
And water it flows through it
Like a passage way

But I heard you've taken a liking to it
You've taken a liking to it
And I told you that it's free

Cuz my shoe is ripped yeah
It's soul doesn't exist
But rocks they take shelter in them like
Old loneliness

And I heard you've taken a liking to them
You've taken a liking to them
And I told you that they're free

Yeah but your heart is whole
Your beat, your beat is steady
And I want to run through you
Like a passage way
And I guess I've taken a liking to you
I've taken a liking to you
And you tell me you're not free

Cuz my table is cracked
And the wrinkles I've got run deep
And water it flows through me
Like a passage way
And I've heard you've taken a liking to me
You've taken a liking to me
Guess that's okay with me
It's okay, it's okay
Yeah, I guess that would be alright with me
