

Stand Up Woman

Melissa Manchester

This is very rare - I am very happy here
and I don't really care if the whole world disappears
got my music got my man
think I'll stay out on the lam and

I'll be your Stand Up Woman
I'll be your Stand Up Woman

Doin' the best I can to lend a helping hand
Doin' the best I can if you'll be my stand up man

You can be the ride and I will be your road
I'll ride shotgun by your side to protect you from a heavy load
put two dollars in my gas tank
that ought to do me good and

I'll be your Stand Up Woman
I'll be your Stand Up Woman

Doin' the best I can to lend a helping hand
Doin' the best I can if you'll be my stand up man

What a big surprise to be feeling so undone
if loving you ain't wise - I don't care 'cause it's so much fun
I'm gonna raise up my hands and holler
i found my way to heaven by raising hell and

I'll be your Stand Up Woman
I'll be your Stand Up Woman

Doin' the best I can to lend a helping hand
Doin' the best I can if you'll be my stand up man.
