

Tears Of Joy

Melissa Manchester

When it happened in my dreams
Seems to me it never went like this
Here you're telling me you love me
And I'm weeping like a baby
Put your arms around your baby
She's been waiting, oh, so long
Guess I'm feeling too happy to smile
And I just have to cry for awhile

Never thought that this could happen to me
I just got to cry those tears of joy like rain
But the sun is shining
Tears of joy, let them fall, let them fall forever more

Sweetest tears I've ever known
I don't even want to dry my eyes
Not as long as I can taste them
Flowing sweet as honey
Have yourself a taste of honey
She's been waiting, oh, so long
When your life is too good to be true
Ain't it funny the things that you do

I just got to cry those tears of joy
It's rain
But the sun is shining
Tears of joy, let them fall, let them fall forever more

Here you're telling me you love me
And I'm wearing like a baby
Put your arms around your baby
She's been waiting, oh, so long
