

# Lady In Her Underwear

Mellowdrone

Hey lady, have some morning's juice  
At least you know it's good for you

Out walking in your underwear  
Seems right out in the Summer air  
Do you think I'd lie?

This could be the last time

Stop to take and make your room  
A warm place 'til your pedals bloom  
Let us eat no more

Out walking in your underwear  
Seems right out in the Summer air  
Do you think I'd lie?

This could be the last time  
That you've noticed
