

Where the fuck is MellowHype? MellowHype, MellowHype
Where is MellowHype? MellowHype, bitch
Where is MellowHype? MellowHype, BlackenedWhite, bitch

I never think too hard, I always drink too hard
Pair of panties, two bottles nigga I floss they floor
Nigga pick up ya jaw, nigga hit up the law
Drop wolves, pop fools, leave him hit like he broke
You either witness or not, we tieing niggas like knots
Bloody nose full of snot, Odd Future gold and you rock
Over the stove and the pot, them bullet holes and you drop
64 low-low, full of holes getting cop
Uh, I'm off the chain consider a loose dog
I make it rain consider a new dog
Precipitation, condensation, conversations, obligations
Taking place when in the basement of hatred where Satan's waiting
For me to pull up the whip, swagger got an upper lip
Lesbians got it cause their chick around me cause I fuck they bitch
I ripping through these speakers like I trip it to these speakers
Mascots and cheerleaders, ballers whistling they sneakers
George was worthy to ocean, Earl was shipping them coffins
Cause we selling that frost, that stone cold, that Steve Austin
You can't get this shit for free but you can get it for a fee
You can take her on a spree, finish up and bring her to me
Finish up bring her to me, we ain't going on a spree
I don't have to pay a fee cause bitch I get this shit for free
Difference between me and you, opposite magnets
See me I'm living straight while you taking turns fagging it
Left brother wanna take a drag from it
Inhale, exhale like a dragon bitch
Got a monkey in the cupboard like Aladin did
Get ya swag from me, then rap this shit
You shop at K Mart, I shop at AK Mart
I'm aimin at they heart nigga better duck if they smart
Where the fucking guns at?
