

Yo - first impression judge like I'm Judge Judy  
Pretty face, big lips, stacked to hip booty  
She make me wanna Doobie Doo like Scooby  
An area in her treasure chest, move inside the rubies  
I need the Yello, Hype, Mellow  
Shirley, Temple, girlie ain't ghetto  
Drive automatic and shifts on the stick  
Drive a nice ride and, rides a nice dick  
Crystal Louboutin, red bottom, black bow  
Had two sleeves, let her tattoo show  
There's no limit to her, she's irrational  
Peep my crunch cause I be cappin hoes  
I'm the captain, hoes overlap big foes  
My game is in her world, call it caption closed  
cause I would never leave her, after I came  
She fixin up her weave before she give me some brain

This is her premier - and she walkin down the runway  
Model coke bottle, I gotta have her one day  
This is her premier - and I'm watchin from the sidelines  
I gotta have it so I'm followin the guidelines

This is her premier - and she walkin down the runway  
Model coke bottle, I gotta have her one day  
This is her premier - and I'm watchin from the sidelines  
I gotta have it so I'm followin the guidelines

She's a feminist though she's feminine  
I take the rainbow, she eat my M&M's  
We're better lovers than we are fuckin friends  
In magazine holding hands, we're a loving trend  
And girl I won't stop until the loving ends  
And I won't turn on you unless your loving bends  
You hang with guys but I ain't trippin on your friends  
cause I opened up your eyes and took off the covered lents  
Uhh, now you see what's real  
And when you touch you can see what you feel  
And when we meet I don't sting like an eel  
But I make your ass clap like a seal  
Tossin and turnin in the king size  
make me wanna take a bit out of this King Size  
When I say open up, girl I mean wide  
I got a sweet tooth - you want a cream pie?  
Ha ha ha!

This is her premier - and she walkin down the runway  
Model coke bottle, I gotta have her one day  
This is her premier - and I'm watchin from the sidelines  
I gotta have it so I'm followin the guidelines

You've got swagger, damn you've got swagger  
I try your fruit out, then I want to bag ya  
But first baby girl I've got a purchase  
Let me try you out to see if you're worth it
