

# Stranded Love

Melody Club

Juliet, juliet  
where are you now  
could there be one more time, juliet  
juliet, it's hard to get  
it seems so long  
since you came when I called, juliet

stranded love  
we used to be so high above  
hearts without sugar  
straded love  
we used to be so high above  
hearts without sugar  
straded love

straded love

juliet, I regret  
it took so long  
when we faded away, juliet  
juliet, I forget  
and days go by  
and soon you'll be gone, juliet

stranded love  
we used to be so high above  
hearts without sugar  
straded love  
we used to be so high above  
hearts without sugar  
straded love

straded love

and I wake up  
to the sound of dogs  
and my make-up  
don't care for stranded love  
and I break out  
I reveal myself  
for a new life  
and to be high on love again

stranded love

stranded love  
hearts without sugar

stranded love

stranded love  
hearts without sugar

stranded love  
yeah, yeah  
stranded love  
hearts without sugar

stranded love  
yeah, yeah  
stranded love  
hearts without sugar

stranded love  
yeah, yeah  
stranded love  
hearts without sugar

stranded love  
yeah, yeah  
stranded love  
hearts without sugar
