

Where Am I ? The last thing I Remember I felt asleep with you
Something like a sunny day in December
I'm walking through a dream of you
Everything is wrong a fake just unreal
But here your voice is true
I'm coming too I'm coming too
Please let me in this world with you
I'm coming too or getting mad

Cause everytime you're smiling here the sun rises
And everytime you're crying the rain just starts to fall
Here everytime you're smiling a sky blushes
And everytime you're crying here everything goes wrong
Cause this is your world

Colors seem so blurry all around me the time just seems to stop
Here your voice just echoes in the airwaves while everything is
turning on
I just start to run and follow your words Cause here your voice
is true
I'm coming too I'm coming too
Please let me in this world with you
I'm coming too or getting mad

Cause everytime you're smiling here the sun rises
And everytime you're crying the rain just starts to fall
Here everytime you're smiling a sky blushes
And everytime you're crying here everything goes wrong
Cause this is your world

Cause everytime you're smiling here the sun rises
And everytime you're crying the rain just starts to fall
Here everytime you're smiling here the sky blushes
And everytime you're crying here everything goes wrong
Cause this is your world
