

## My Heart Won't Have It Any Other Way

Melody Gardot

You might be a lover always gone astray  
But my heart won't have it any other way  
Maybe I deserve this longing everyday  
'Cause my heart won't have it any other way

If happiness is evidence that fate is everywhere  
Then why should I deny my chances of saying I don't care  
Now reason don't remind me love ain't bound to stay  
'Cause my heart won't have it any other way  
No my heart won't have it any other way
