

# Air Breather Deep in the Arms of Morpheus

Melvins

And all this time free from the void  
The world's drawn in for me  
And I can't fight  
The wheels all the way  
The underside  
And all this time free from the void  
The world's gone in for me  
And I can't fight  
The wheels all the way  
The underside

Don't break me down (to sleep)  
Don't  
Don't  
Don't

Please be clear  
Die, sleepy  
First we appear, then we sleep  
Fast asleep, fast asleep

Don't break me down (to sleep)  
Don't break me down  
Don't  
Don't  
Don't
