

## Honey Bucket

Melvins

Eight times of fel-an-fo-fi  
Like cobalt cast and clean  
I got a mojo felt the wheel  
Real fashion feel

Tri-Jack it, black it for more  
Handcuffs with special keys  
Triple locked and been down defiled  
It's a V.S.I.

Throw a case of plasticine down  
Baby I can immolate  
And it's rotten in my rounds  
Sister's in my way

I'm as fast as my home town  
Green glass it most of all  
Been around this foreign cage  
Village in the wall
