Eight times of fel-an-fo-fi Like cobalt cast and clean I got a mojo felt the wheel Real fashion feel

Tri-Jack it, black it for more Handcuffs with special keys Triple locked and been down defiled It's a V.S.I.

Throw a case of plasticine down
Baby I can immolate
And it's rotten in my rounds
Sister's in my way

I'm as fast as my home town Green glass it most of all Been around this foreign cage Village in the wall
