

Jacksonville

Melvins

You know, I don't think this is going very well.
I mean, like 10 percent of the audience wants to fight.
The other 90 percent are totally bored.
So it's like, what the fuck am I doing up here, you know.

You know when I am sitting around at home in Hollywood, usually
what I'm saying to myself is how much we suck compared to all
the great bands from Jacksonville.
I'm thinking how much my life sucks compared to what it would b
e like if I just lived in Jacksonville.
Unfortunately, I'm exiled in California.

And you guys are in this hot bed of entertainment, called Jacks
onville.
So I think without any further ado, we will continue by being c
ompletely bored ourselves.

Oh, I'm so damn lonely

...AND I HATE EVERYBODY!

And we hate everyone of you!

FUCK YOU!

AH!

We hate you all and want you to die
