

# The Man with the Laughing Hand Is Dead

Melvins

When his hand began laughing, it was Johnny open wide  
The riddle still unsolved, smoke rings subside  
Untied, unravelled, unthought, unsaid  
The man with the laughing hand is dead

Shaking under Pedro's head, train-crushed legs and arms  
Wicked, wicked hero, little wiggle arms  
His shoes are desterted, the box is all alone  
No voice is perverted by tuxedo or 'phone  
Untied, unravelled, unthought, unsaid  
The man with the laughing hand is dead.
