

# Timothy Leary Lives

Melvins

Go!

If you don't want Timothy Leary  
He's got his name all over the place  
And he's got a brand new theory  
He's gonna take us into space

Used to work for the CIA  
Now he talks at Brown  
Charges ten throw bucks a head  
Takes 'em off town

He had a talk with KDB  
They didn't like his brain  
He gave them all some LSD  
Drove them all insane

Timothy Leary lives  
Timothy Leary lives  
Timothy Leary lives  
Timothy Leary lives

Really likes his LSD  
He really thought it was great  
[?] one supply  
Let the rest fade

He did a lot in college  
When he was having his point  
Majored in philosophy  
And how to roll a joint

Timothy Leary lives  
Timothy Leary lives  
Timothy Leary lives  
Timothy Leary lives

Go!

One, two, three, four

Timothy Leary lives  
Timothy Leary lives  
Timothy Leary lives  
Timothy Leary lives

You better like his fucking hippies  
And the CIA  
To get away from collected effort  
And the world will hate today

Now the pimp's got a brand new plan  
To raise the low IQ  
Find two [?] and eat his pills  
That's all you have to do

He's also got another pill

To make you live real long  
But if it don't work you won't know  
You'll be dead and gone

Timothy Leary lives  
Timothy Leary lives  
Timothy Leary lives
