

Racks On Racks (remix)

Memphis Bleek

What you got?
Racks on racks on racks
He got racks on racks on racks
We got racks on racks on raaaaacks
I got I got racks on racks on racks
She got racks on racks on racks
They got racks on racks on racks.

Got campagne going so strong
Getting brain while I'm talking on da phone
Spend money when ya money's long
Real street nigga no clone
We at da top where we belong
Straight lean, rozay', patron.

...

In the club hear this song
Racks on racks on racks
He got racks on racks on racks
We got racks on racks on raaaaacks
I got I got racks on racks on racks
She got racks on racks on racks
They got racks on racks on racks

I got stack on top of stacks
I got racks on top of racks
Hit them all when I bust all up
What you... nigger know about that
Got a stash in my trunk ...if the cops
Pull me over I got... on top of that
And I... of patrol
I got a girl I am gonna take her home
Let her run down in my crib
Play tag without no clothes
Straight niggers we keep it g
Still got work... middle finger to the...
All my enemies best retried
Lay a nigger down with my mc
... with my back against that wall
All I know... that's why I am on this song
Got campagne going so strong
Getting brain while I'm talking on da phone
Spend money when ya money's long
Real street nigga no clone
We at da top where we belong
Straight lean, rozay', patron.
