

# The Victim

## Memphis May Fire

I think it's time  
We paid a little closer attention to all of this  
Your slight of hand is an old trick  
And I see right through your wit

So I'll ask you  
Can you keep your word?  
Or is this where we go our separate ways?  
Can you keep your word?  
Never again will I trust what you say!

I never thought I could be so blind  
Oh, but now I say  
If I could go back  
Do it all again  
You know that I wouldn't sign my life away

You won't get away with this!  
You won't get away with this!  
Silent when we needed you!  
You won't get away with this!  
You won't get away with this!  
Silent when we need you!

I was too blind to see that  
You were too deaf to hear me  
Just know if I could go back  
This would all be different  
This would all be different!

You must have mistaken me  
For someone just as fake as you  
You broke every promise you made!  
No, I don't expect you to know what it feels like  
I just want you to admit  
That you are a thief  
You're a thief!  
You're a thief!  
You're a thief!

Don't take it too hard my friend  
That I feel this way  
It's just that

I was too blind to see that  
You were too deaf to hear me  
Just know if I could go back  
This would all be different  
This would all be different!

Your excuses mean nothing  
When nothing means more than keeping your word  
Oh please  
Like I haven't heard them before?  
I don't think you'll ever learn

You killed the trust

All of the trust that I put in you!  
You killed the trust  
And I'll never trust you again!

I was too blind to see that  
You where too deaf to hear me  
Just know if I could go back  
This would all be different

I was too blind to see that  
You where too deaf to hear me  
Just know if I could go back  
This would all be different
