

# My Strange Man

Memphis Minnie

I met a strange man last night, and I taken him home with  
me

I met a strange man last night, and I taken him home with  
me

Now he done gone and left me, wonder where could my  
strange man be?

Strange man, strange man, won't you please come back to  
me?

Strange man, strange man, won't you please come back to  
me?

You is my strange man, you've got something that I really  
need

Hmmm, wonder where is my strange man gone?

Hmmm, wonder where is my strange man gone?

He left me this morning 'n' I've been lonesome all day  
long

I woke up this morning, half past three, I found my  
strange man, was standin' over me

Strange man, strange man, tell me where you been

Well, I sure feel happy to see you back home again

Strange man, strange man, please don't leave me no more

Strange man, strange man, please don't leave me no more

Next time you leave me, I'm gonna walk out and lock my  
door
