

Baby Doll

Memphis Slim

What's wrong, baby doll
We can't get along
What's wrong, baby doll
We can't get along
We don't have fun together
Now baby, tell me what's wrong
Have your mind made up
Before you walk out that door
Have your mind made up
Before you walk out that door
Because one woman, one chance
You don't get back no more
I been good to you
As I intend to be
I been good to you
As I intend to be
Now it seem like, baby doll
You tryin' to run out on me
